Management Accounting	IAT 108

INTRODUCTION

This new professional programme puts participants on the fast track towards a rewarding career in accountancy. It is the only Apprenticeship Council approved programme of its kind in the Republic of Ireland. It is geared towards school leavers who have just completed the Leaving Certificate and more mature applicants who are looking for a new professional career. It is a two year programme which combines 'on-the-job' work experience with academic study. Participants will work at their employers office four days a week and attend classes here in the college one day a week over two academic years. Participants graduate as fully qualified Accounting Technicians, with the opportunity to progress to Level 9 studies with Chartered Accountants Ireland and other professional accounting bodies after just two years.

ENTRY REQUIREMENTS

Applicants will be recent school leavers who have completed the Leaving Certificate or employees who wish to work in a finance role. Applicants must be at least 18 years of age on or before the 1st of July in the year of entry. Applicants

- must have Leaving Certificate standard English and Maths at ordinary level
- should normally have approximately 300 CAO points

Mature applicants (over 23) will be assessed individually to consider eligibility. **Note: Study of Accountancy at Leaving Certificate level is not a requirement.** Participants commence with a two-year work contract, with wages paid by the employer. It is at the employer's discretion to enhance the entry criteria for selection.

CERTIFICATION

Participants graduate as fully qualified Accounting Technicians, with the opportunity to progress to Level 9 studies with Chartered Accountants Ireland or other professional accountancy bodies after just two years.

WORK PLACEMENT/EXPERIENCE

Students will work at their employer's office for four days per week. Placements are organized by ATI.

EDUCATION PROGRESSION OPPORTUNITIES

Successful graduates will receive generous exemptions on Chartered Accountants Ireland's study programmes so that they can continue to progress their career within the profession. So by choosing the Praktikum route, they have the opportunity to become fully qualified Chartered Accountants in just five years.

CAREER OPPORTUNITIES

Accounting Technicians are qualified accounting professionals employed throughout all levels of finance across the public sector, industry, private accountancy practices and self-employment. They perform a wide range of roles including: Bookkeeping, Financial Accounting & Budgeting, Costing & Credit Control, Payroll Administration and Tax Returns.
