

# MISSION STATEMENT

Cork College of Commerce aims to educate and train all learners in an inclusive, innovative, industry relevant environment, providing pathways for successful futures.

## OUR VALUES

### Inclusion

We embrace all aspects of learner diversity, and we are committed to providing a college community that is Inclusive of all our learners from diverse backgrounds, ages, and abilities. We want to ensure that the environment is safe, supportive, accessible, and welcoming for all.

### Respect and Value

We support a climate of respect and thoughtfulness among learners and staff and work to develop relationships through trust, honesty, and respect of all.

### Caring - We care

We care about our learners and their goals and strive to put their objectives at the heart of everything we do.

### Change and adaptability

We respond positively to the rapid changes of our learner needs, our industry partners, awarding bodies and higher educational environments to ensure that we appropriately adapt to the needs of our stakeholders.

### Learner-centred

We recognise learners as our first priority, and endeavour to prepare our learners for the workplace, progression to 3rd level and for their future. We are committed to fostering the professional and personal growth of learners by providing them opportunities and pathways for their future. These interests are the primary focus of college decisions and activities.

### Excellence

We challenge ourselves to perform at and provide high standards in education, experience, and opportunity for all our learners.
