

Supply Chain - Logistics & Distribution

INTRODUCTION

All businesses depend on Logistics & Distribution to service both their own internal needs and those of their clients. Logistics & Distribution includes the sourcing, storage and transportation of goods and forms the link between raw materials & products and their smooth flow to the market. This programme is a gateway to jobs for problem solvers and analytical thinkers. Participants on this programme have access to a Work Placement Programme, which includes Safe Pass training to ensure graduates are well placed to secure key positions in this growing industry. Students participate in site visits and attendance at Logistics & Distribution conferences.
